Pro Bono Publico!

IF YOU LOVE YOUR COUNTRY, encourage Home Productions. Why will you send abroad for wretchedly spurious articles, when you can have the good and true and beautiful of Oregon material and Oregon workmanship close at your very doors?

Why impoverish your country and its mechanics by the calculations of Prejudice, or by parsimonious misdirection?

Other articles, too numerous to mention, either on hand or made to order.

The superscribers would modestly infer to the most gracious public of the State of Oregon that they would gladly exchange any or all of the above articles for "READY MONEY," or any other article of commerce that will by the conveyance give pleasurable sensations to the high contracting parties.

The life-spring of trade, "READY CASH,"
No matter in which way we view it,
Enables us onward to dash,
And therefore we mean to stick to it.

Billiard and Ten Pin Balls turned to the most exact spherical conformation.

No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true!
Aid and defend it! ye sons of the brave,
Whose blood bought the banner your valor must save.

WEDNESDAY MORNING, AUG. 12, 1863.

TRAVELLING AGENT.

Mr. Urban E. Hicks is the duly authorized agent of the Daily and Weekly Oregonian, with full powers to receive and receipt for subscriptions, advertisements, &c., and to finally settle all outstanding dues to this office in Washington Territory, Victoria and British Columbia.

News by the Steamer.

Intelligence by the *Brother Jonathan* yesterday morning, is only one day later than we have received by telegraph, and is without special interest.

The suggestions as to the consequences of hostilities with Great Britain do not seem to us to have sufficient cause to justify serious considerations at least for the present, nor do we believe that our Government wishes to make threats about sweeping the commerce of Great Britain from the ocean, until its present immense naval force succeeds in capturing the few roving pirates which are so frequently and furiously assailing the American flag all along the Atlantic coast.

Three more clipper ships have been burned by the *Florida*, which seems to have taken the place of the *Alabama*, and bids fair to rival her Satanic fame.

Gov. Curtin, the patriotic Chief Magistrate of the Key-Stone State, has again been nominated for election.

Democratic conventions have been held in Wisconsin and Maine. The resolutions in the latter State are full of rebel sympathy, sugared over with false and hypocritical words about constitutional rights, for which those who passed the resolves care far less, than they do for any device which will win a base party triumph over liberty and national life.

As Crows the Old Cock, so Crows the Young One.—The juvenile *Henry* organ at Salem, with characteristic malice and falsehood, follows the paternal example set at Olympia, and charges Raynor's defeat upon those who tried to do the most to secure his election. True, it does not blame Secretary Chase so distinctly as Henry did, because the Collectorship depends on the will of that officer, and it might not be safe, for one who thinks the position—"the best thing I ever dreamed of—$3,000 a year and nothing to do,"—to quarrel with his master, even though the charge is as true against Mr. Chase as any one; so he simply follows Henry in lying far enough to give vent to his vanity and hate of those who hold him in utter contempt.

As to injuring or defeating the Union party, we have only to say that no man in Oregon, with the most earnest zeal or the most intense efforts, can begin to do so much to weaken and destroy public confidence in the organization as the official editor has done and is doing, by his unprincipled and selfish course in using it for personal and family ends, and his pretence that any one else desires the defeat of the friends of the Union, is utterly untrue, as he very well knows, but he is so enraged with everybody, who has sense enough to see what a homely bundle of conceit he is, and how entirely unworthy and unsafe he always must be as a political leader, except so far as his own interests are concerned, that he crazily curses without cause and because it is his nature to do so.

Postal Agent.—Mr. Baker, who for the past week has been faithfully devoting himself to the duties of his office, and has made many improvements in postal affairs calculated to prove of public advantage, leaves by the steamer this evening for Victoria, on a special commission from the Post-Office Department, to arrange some proper system for the mutual convenience and benefit of the United States and British Columbia. When this is accomplished, Mr. Baker will return to this State, and inspect the offices east of the Cascades.

It ought to be stated in justice to him, that Washington Territory was detached from this district last year, Victor Smith offering to do what was necessary to be done by an agent in that section. If, therefore, there has been any neglect, our neighbors will not be so severe in their judgment as to blame one who has had no authority to act in that Territory.

New Overland Telegraph.—The people of this State will be glad to learn that there is a good prospect of the early establishment of a new line from St. Louis to San Francisco, which will be entirely independent of the present greedy monopoly, and will, we trust, be a benefit to the Pacific coast, at a cost far less than is now paid to satisfy the cormorant demands of a corporation which in one year by its receipts, met all the expenses of the construction of its line. It is stated that the material for the Western part of the new enterprise—its wire, battery and instruments are already in San Francisco, and that the work of its construction will be immediately commenced. We hope it will go on prosperously and be completed before winter.

The steamer *Sierra Nevada* arrived at San Francisco on Thursday last, reporting $200,000 in treasure on board.

The P. M. S. S. *Golden Age*, from Panama, also arrived about an hour before the *Jonathan* left on Friday, bringing passengers and mails which left New York on the 13th July.

Grand Lawsuit in Prospect.—The *Union* has a dispatch from San Francisco saying it has just been made public that 1,350 feet of the Comstock ledge is claimed by a new corporation styled the Grosch Consolidated Mining Company. The claim includes the Gould & Curry and nearly all the valuable mines on the Comstock ledge. The company incorporated in San Francisco a few weeks ago, with a capital stock of $5,000,000, in 5,000 shares. The company propose to take possession of the Gould and Curry, Ophir and Comstock, and work them for its own benefit. It is said that in 1853 two brothers, named Grosch, came overland to San Francisco, and on the way they located the ground now known as the Comstock. They corresponded with their relations in the East on the subject. The letters are now in existence. After living in San Francisco several years they became acquainted with Comstock, and offered him one-fourth of the mine if he would go with them and work it. The three went out and commenced operations. Both brothers met with accidental deaths and Comstock sold out the mine. Comstock, it is said, admits all the facts as stated. The new company have bought up the claims of the heirs of the Grosch's. It is reported that the papers have been submitted to Daniel S. Dickinson and Reverdy Johnson, who agree to prosecute the claim and take a contingent fee.

Disappointed.—We are constantly receiving communications from the mining districts from disappointed fortune hunters, complaining of their many hopes deferred and the distant prospect of their realization. That the mines are crowded with unemployed men is no doubt true, and we apprehend there will be much suffering among them during the coming winter. It is asserted that thousands of men can be procured in the Boise country who would gladly work for board alone; but mining operations are almost entirely suspended at this season, and even claim-owners themselves are constrained to remain idle, for lack of the water necessary to the development of their claims. Many of our acquaintances who, with a profound contempt for the insignificant drudgeries and profits of trade, rushed to the Boise mines early in the summer, to pick up a few hundred pounds of stray gold dust, have returned, heavily burdened—with creditors. They could not "see" that dust, but acknowledge to an extensive view of the elephant.

More Piratical Exploits.—The San Francisco *Bulletin* of the 6th publishes a dispatch by the overland mail stating that three California ships had been destroyed by the *Florida*. The brig *Henrietta*, at New York from Bermuda, reports: The ship *Southern Cross*, from the coast of Mexico, with a valuable cargo, bound to New York, was burned on the evening of June 7; the ship *Red Gauntlet*, from Boston for Hong Kong, with ice, was captured June 14th and burned June 26th; the ship *B. F. Hoxie*, from the coast of Mexico for Falmouth, England, with a cargo of logwood, $300,000 in silver bars and a large amount of ore, was destroyed, after taking out the silver. The cargoes of the *Southern Cross* and *B. F. Hoxie* were owned entirely on British account.

Good.—The editor of the Gettysburg *Compiler*, Copperhead, when the rebels were there, made himself conspicuous by his officiousness in giving them information, and was even so mean as to point out the hiding-place of several Union soldiers who happened to be concealed in a private house. But the tables have turned. The rebels having been driven out of the town, and the editor of the *Compiler*, without ceremony—without even the benefit of the writ of habeas corpus—has been carried off to Fort McHenry, where he is now imprisoned. A clear case of arbitrary arrest.

Removal.—We learn that Charles Hutchins, Indian Agent in Idaho Territory, has been removed, and Mr. Townsend of Illinois appointed in his place. The alleged cause is want of fidelity to the personal interests of other office holders. We trust Mr. Hutchins will bear this afflictive dispensation with becoming resignation, consoling himself with the reflection that the tricks of politicians are a mystery, and sometimes flavored with treachery and fraud.

A Dilemma.—A Washington dispatch says that Judge Wylie, sitting in the District Court as a Court of Admiralty, is at a loss what to do with a large amount of so-called Confederate money, included in property brought before him for condemnation. He says that to condemn it would be to recognize it as property; to sell it would be to give it circulation, and to destroy it would be to give aid and comfort to the enemy by relieving him of his liabilities.

Vicksburg Matters.—Correspondence of the Missouri *Democrat* has the following from Vicksburg:

Albert Gallatin Brown, the colleague of Jeff. Davis in the United States Senate, came to Snyder's Bluff July 6th, and took the oath. He said he had never believed in secession, had never been a secessionist, and had never been in favor of rebellion. His wife, who was present, said his course had ruined her, and there need be no fears that he would ever be disloyal in future. Brown has been ill with bloody flux, of which he was suffering at the time, and he was permitted to return to his home.

The condition of Gen. Pemberton is pitiable in the extreme. His officers falsely and meanly ascribe his misfortunes to all sorts of things, such as imbecility, &c., while he, poor man, is nearly crazy, and evinces in an unmistakable manner the humiliation and anguish which he feels. He keeps confined to his room, and walks frantically all the time, tearing his hair and giving all sorts of evidence that he is an insane man. He was one of the few, as we learn from an eye witness, who gave unmistakable manifestations of repugnance to taking the parole. His condition excites the commisseration of all unbiased persons at Vicksburg.

News by the Brother Jonathan.

New York, August 4.—Washington special dispatches say the secessionists there are making themselves happy over the report that Jeff. Davis is about to raise a great army of negroes upon the promise of freedom and the gift of lands. Large slaveholders in the vicinity, however, express the opinion that he will not venture upon this policy—in fact, that he dare not trust the slaves.

Washington, August 4.—The *Star* of this evening says it is a fact that Lee's headquarters are seven miles southeast of Culpepper Court-House, with a considerable force of infantry at the Court-House. His permitting Buford to rest on Saturday night at Brady Station, five miles from the Court-House, after the fight of that day, proves Lee's determination not to risk a general engagement in that immediate vicinity. Had he been willing to risk the bulk of Merrill's division getting into position between his army and Fredericksburg, he would surely have essayed an attack on Buford's position by Sunday morning last, which he did not do. From Stevensburg to Brady Station the country is capitally suited to operations according to the particular style of tactics to which the rebels always resort when they can, a circumstance of which Lee would gladly have availed himself, if he had dared venture to do so.

The Richmond *Enquirer* says that Lee's army is massed at Culpepper, and that Longstreet has advanced in the direction of Fredericksburg, and a portion of his force had occupied the heights of Fredericksburg.

The *Enquirer* admits the fact that the Mississippians in large numbers are deserting the army of Gen. Johnston, and says: "Such a state of feeling is greatly to be deprecated, and we regret especially to see it prevailing in Mississippi, the home of the President."

Washington, August 5.—The *National Republican* contains an editorial, to which semi-official importance is attached. It says, among other things, that if there shall be any occasion for hostilities with Great Britain, and the two nations are likely to be involved in war, our steam marine will be at once converted into privateers, and the commerce of Great Britain will be swept from the ocean. Thus does the criminal neglect of the Queen of England's advisers tend to a disturbance of the peace of the world. War is not desirable, even with England, but war is not the greatest of evils. A nation of spirit cannot submit to insolence and outrage through a series of years and make no effort to avenge its wrongs. The course of England during the trying period of troubles has alienated every American of the loyal States, whatever his opinions upon the Administration or conduct of the war may be. These are significant facts, and indicate what the future has in store for us. The machinations of Napoleon in Mexico deserve attention, and the country should bear in mind the great fact that the United States can restore Mexico to its place as a republic whenever the attempt shall be made, and indeed it is not improbable that Napoleon will find an excuse for quitting a position which promises no good to the French empire.

Cairo, August 5.—Memphis advices of the 5th say that Richardson's guerillas, having been driven from Western Tennessee, have joined Chalmy's, in Mississippi. Forrest, with about eight hundred cavalry, was at Jack Creek three days ago, and General Dodge has sent a force after him.

Helena advices of the 2d state that General Price is known to be in the immediate vicinity of Jacksonport, with a force not exceeding 5000.

Information from Vicksburg states that sickness there is increasing. The prevalent disease is a malignant congestive fever—typhoid.

Pittsburg, (Pa.) August 5.—The Union State Convention, to nominate candidates for Governor and Judge of the Supreme Court, met to-day. The State was fully represented and a large number of outsiders were present. Considerable excitement prevailed in the choice for Governor, but Curtin, the present incumbent, had the inside track, and was nominated on the first ballot by a vote of 93 to 43. Resolutions commending the entire course of the Administration were adopted unanimously.

Chicago, August 6.—Business in the different cities of the North is generally suspended to-day, and most of the telegraph lines are closed, therefore we are without the usual quantity of news.

New York, August 6.—The steamer *Eagle* from Havana the first, announce the capture of an English steamer, with a cargo of six hundred bales of cotton by the gunboat *Sackatana*.

European Intelligence.

Cape Race, August 5.—The steamer *Hecla*, with dates from Liverpool to July 28th, and from Queenstown to the 29th, has arrived.

The news of the Federal victories has caused the Confederate loan to decline from 18 to 20 per cent., and a panic in that stock had ensued.

The London *Daily News* expatiates on the victories of Meade, Grant, Banks and Rosecrans, and the unimpaired efficiency of the North.

The *Morning Post* maintains that the union of the three great Powers against Russia is not assured. The *Herald* controverts this notion, and maintains that Russia is disposed to defy the Western Powers.

Parliament has been prorogued, the Queen's speech being delivered by commission. It says: "The civil war continues in America, inflicting much evil, not only on the contending parties, but on other nations in the West. However, we have no reason to depart from our strict neutrality policy."

The Polish sympathizers in Paris and London, continue very active in their movements.

That's it to a Dot.—One W. H. Rhodes, at the Secesh Convention in Sacramento, said the business "is to-day to determine whether I and you, sir, and you gentlemen, shall be the progenitors of long generations of slaves." This is truly the question, we admit it. The slaveocrats have long debauched themselves with amalgamation, and filled the South with generations of cream colored slaves. The result of the present struggle will be to break up this abominable state of things, and restore to black men the legitimate use of their wives and daughters, to reserve themselves for virtuous alliances with their own blood. The struggle inaugurated by the slaveocrats will result in cleaning out the bastard aristocracy of the South, rebellion, secession and amalgamation. That is the business in hand, and the ball is gloriously rolling on.—*Placerville News.*

Taking off the Embargo.—The Victoria *Chronicle* says that a telegraphic dispatch from Secretary Chase to Collector Low of San Francisco, announces that the embargo on live stock, so far as it relates to this coast, will be immediately removed. We have good authority for saying that it was only in obedience to duty, and never in accordance with the wishes of the Collector at Port Angelos, that the order was enforced.—*Overland Press.*

Mr. Dryer, late Commissioner to the Sandwich Islands, left San Francisco last week for the Atlantic States.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

LATER FROM THE EAST.

Dates to August 8th.

Chicago, Aug. 7.—The papers this morning are barren of news.

Milwaukie, Aug. 7th.—The Democratic State Convention yesterday nominated A. S. Palmer for Governor.

Portland, (Me.), Aug. 6.—Boon Bradley was nominated for Governor by the Democratic State Convention yesterday. Resolutions were passed, declaring that they still earnestly support every constitutional measure tending to preserve the Union; also, that they will not, cannot thus support the present Administration, whose course is destructive of the Union and Government. They declare that the war is being conducted not for the restoration of the Union, but for the abolition of slavery and the destruction of the Republic. When a disposition on the part of the rebel States to Union is shown, they should be welcomed back with all their dignity, equality and rights unimpaired. The resolutions denounced the conscription law, but counseled obedience unless the courts decide it unconstitutional.

Cincinnati, August 7.—Returns from 22 counties in Kentucky give Bromlett (Union) over 16,000 majority.

New York, August 7th.—A 100 pounder cannon exploded on the *Naugatuck* to-day, injuring Lieut. Waldron and five of the crew. No one killed.

The *Herald's* Washington dispatch says the enemy brought several pieces of cannon down to the river bank at Rappahannock Station Tuesday night and opened a brisk fire on our troops on this side. Considerable confusion and occurred at first, but the appearance of our batteries on the bluff soon restored order and rapidly drove the rebels away. Casualties insignificant.

Storage.—The Fire Proof Stone Warehouse, opposite Umatilla House, is the only building, "not made of wood," at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage, and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

Dalles, Jan 20, 1863 1m RASEY BIVEN.

The Gifts of the Gods.

BY JOHN G. SAXE.

The saying is wise, though it sounds like a jest,
That "The gods don't allow us to be in their debt,"
For though we may think we are specially blest,
We are certain to pay for the favors we get!

Are Riches the boon? Nay, be not elate,
The final account isn't settled as yet,
Old Care has a mortgage on every estate,
And that's what you pay for the wealth that you get.

Is Honor the prize? It were easy to name
What sorrows and trials her paths ay beset;
Grim Hate and Detraction accompanying Fame,
And that's what you pay for the honor you get!

Is Learning a treasure? How charming the pair,
When talent and culture are charmingly met;
But labor unceasing is grievous to bear,
And that's what you pay for the learning you get!

Is Genius worth having? There isn't a doubt;
And yet what a price on the blessing is set—
To suffer more with it than dunces without,
For that's what you pay for the genius you get!

Is Beauty a blessing? To have it for nought
The gods never grant to their earliest pet;
Pale Envy reminds you the jewel is bought,
And that's what you pay for the beauty you get.

But Pleasures? Alas—how prolific of pain;
Gay Pleasure is followed by gloomy Regret;
And often Repentance is one of her train,
And that's what you pay for the pleasures you get!

But surely in Friendship we may all secure
An excellent gift; never doubt it—and yet
With much to enjoy there is much to endure,
And that's what we pay for the friendship we get!

But then there is Love? Nay, speak not too soon;
The fondest of hearts may have reason to fret;
For Fear and Bereavement attend on the boon,
And that's what we pay for the love that we get!

And thus it appears—though it sounds like a jest—
The gods don't allow us to be in their debt;
And though we may think we are specially blest,
We are sure to pay for whatever we get!

WONDERS OF SLEEP.—In Turkey, if a man fall asleep in the neighborhood of a poppy-field, and the wind blows toward him, he becomes narcotized, and would die if the country people, who are well acquainted with the circumstances, did not bring him to the next well or stream, and empty pitcher after pitcher of water on his face and body. Dr. Appenheim, during his residence in Turkey, owed his life to this simple and efficacious treatment. Dr. Graves, from whom this anecdote is quoted, also reports the case of a gentleman thirty years of age, who, from a long continued sleepiness, was reduced to a complete living skeleton, unable to stand on his legs. It was partly owing to a disease, but chiefly to abuse of opium, until at last, unable to pursue his business, he sank into abject poverty and woe. Dr. Reid mentions a friend of his, who, whenever anything occurred to distress him, soon became drowsy and fell asleep. A student at Edinburgh, upon hearing suddenly of the unexpected death of a near relative, threw himself on his bed, and almost instantaneously, amid the glare of noonday, sunk into a profound slumber. Another person, reading to one of his dearest friends stretched on his death-bed, fell asleep, and, with the book still in his hand, went on reading, utterly unconscious of what he was doing. A woman at Hamadt slept seventeen or eighteen hours a day for fifteen years. Another is recorded to have slept four days at once. Dr. Macnish mentions a woman who spent three-fourths of her life in sleep; and Dr. Elliotson quotes a case of a young lady who slept for six weeks and recovered. The venerable St. Augustine, of Hippo, prudently divided his hours into three parts—eight to be devoted to sleep, eight to meditation, and eight to converse with the world. Maniacs are reported—particularly in the eastern hemisphere—to become furiously vigilant during the full of the moon, more especially when the deteriorized rays of its polarized light are permitted to fall into their apartments: hence the name of lunatics. There certainly is greater proneness to disease during sleep than in the waking state, for those who pass the night in the Campagna di Roma inevitably become infected with its noxious air; while travelers who go through without stopping escape the miasma. Intense cold produces sleep, and those who perish in the snow sleep on till the sleep of death.

COLLECTING CONFISCATED PROPERTY.—The Cincinnati *Commercial's* correspondent, with Grant's army, before the taking of Vicksburg, wrote as follows:

I don't know of a better chance to make money now-a-days than by proving one's-self a patriot, a friend of the Administration, and receiving an appointment as an agent for the collection of confiscated property. You have only to find out where there is a pile of the staple, and you get one-fourth of it for your trouble. That is, one-fourth is yours honestly, besides a couple or more fourths that can be secured by ——, but the sensible Adjutant General wouldn't appoint a man who wouldn't scorn the idea suggested by that "dash." However, a man of ordinary ambition can be well satisfied without the stealings. There is nothing to hinder him from making a million of dollars in a single month after Vicksburg is taken, and who wouldn't be a patriot and a friend of the Administration, for a million in legal tenders?

The appointments thus far made known to me are very judicious. Every appointee has been following the Army of the Southwest for a year or more, in the patriotic vocation of speculators. They have now struck a lead affording better prospects than they ever dreamed of before, and no more private speculation for them.

A heavy game of "poker" was being played on one of the steamboats a night or two since. It cost $100 to come in, usually, and several hundred to get out. A bystander, after witnessing the proceedings for a few minutes, whispered to a friend, "I'll bet them fellows never got their money honestly. Them's Government cotton chaps."

JEFF DAVIS' VIEW OF VICKSBURG.—Jeff. Davis made a pilgrimage to the State of Mississippi last December, inspected the defences of Vicksburg and pronounced them good; and the day after Christmas delivered a congratulatory speech before the Mississippi Legislature in the Capitol at Jackson. In that speech, adverting to the movements of the Union armies, he said:

Vicksburg and Port Hudson are the real points of attack. Every effort will be made to capture them, with the object of forcing the navigation of the Mississippi, of cutting off our communications with the trans-Mississippi Department, and of severing the western from the eastern portion of the Confederacy. Let, then, all who have at heart the safety of the country go without delay to Vicksburg and Port Hudson; let them go for such length of time as they can spare—for thirty, or for sixty or for ninety days. Let them assist in preserving the Mississippi river, that great artery of the country, and thus conduce, more than in any other way, to the perpetuation of the Confederacy and the success of the cause.

Jeff Davis was right. He had a just appreciation of the value of Vicksburg and Port Hudson to the "perpetuation of the Confederacy." His opinion was shared by Unionists. It was and is held by sound strategists here and in Europe. In losing the Mississippi river, therefore, the rebellion receives its fatal blow by the confession of its chief and by the admission of the world.

DR. D. JAYNES'

EXPECTORANT

AND SANATIVE PILLS

HAVE BEEN BEFORE THE PUBLIC SO LONG, and found such general favor in every region of country where they have been applied, that there is no place on the civilized globe where they have not been sold, that it would seem almost superfluous at this time to direct attention to them through the medium of the press. Yet it is due to suffering humanity, and especially to that numerous class who, in the changeable climate of the Pacific Coast, suffer from

Diseases of the Lungs & Throat,

including and ending in CONSUMPTION, many of whom may not have used this remedy, that they should be allowed to read of some of the cases where its influence has been useful in remedying complaints from which they are suffering. The EXPECTORANT

Operates Immediately upon the Disease,

SURELY AND SPEEDILY ERADICATING IT,

while the SANATIVE PILLS, by preserving regularity in the Bowels, and giving a healthy tone to the other internal organs, aid and assist the perfect operation of the former.

Attention is asked to the following Certificates, selected at random from the many in the possession of the proprietors:

Upper Uwchlan, Chester Co., Pa., Sept 14, 1859.
Dr. D. Jayne—Having been afflicted with ASTHMA and BRONCHITIS, and having, by the advice of some of the most eminent physicians, whose skillful treatment of my case did not prove to be of any avail, I obtained no relief for my suffering until I commenced the use of your EXPECTORANT. After taking it for about three months, I was entirely cured.
NATHAN PENNYPACKER.

Astoria, Long Island, Jan 15, 1860.
L. W. Tinelli, Esq. New York—Sir: As you well know I had been afflicted with BRONCHITIS, accompanied with the most painful tightness of the chest, and great difficulty in breathing for nearly two months, and I had almost lost all confidence in the power of medicine to give relief, when at your friendly suggestion, I began the well known (but not enough known) "EXPECTORANT" of Dr. Jayne, of Philadelphia. Three or four days after having commenced to take it, my cough had nearly subsided, the expectoration was easy, and the breathing quite free.
I am now quite another man, and my general health has never been better.
I remain, my dear Tinelli, with esteem, your servant and friend,
J. B. MONTE.

Wenfield, Tuscarawas Co., O., May 31, 1860.
Dr. D. Jayne—Dear Sir: One bottle of your Expectorant cured my daughter of the LUNG FEVER, after having been beyond the hopes of recovery. During the attack she had a number of convulsions. She is now perfectly well.
J. H. COFFMAN.

Burlington, Bradford Co., Pa., July 23, 1863.
Dr. D. Jayne—Dear Sir: My son was for one and a half years afflicted with a disease resembling CONSUMPTION. For two years he was not able to labor. He was finally induced to try your EXPECTORANT and PILLS, and after taking 10 bottles and some PILLS, was completely cured, and is now able to labor every day.
JOHN HENRY.

We would add to the above that we sold to Mr Henry the medicine for his son, and know that the statement is true.
HENRY, WILHELM & CO.

Who can say that they are not frequently followed by those "direful diseases,"

"INSANITY AND CONSUMPTION."

Many are aware of the cause of their suffering, BUT NONE WILL CONFESS.

THE RECORDS OF THE INSANE ASYLUMS,

And the melancholy deaths by Consumption bear ample witness to the truth of the assertion.

THOUSANDS UPON THOUSANDS

Who have been the victims of Quacks

and who have paid heavy fees to be cured in a short time, have found they were deceived, and that the "POISON" has, by the use of "powerful astringents," been dried up in the system, to break out in a more aggravated form, and perhaps after marriage.

AYER'S

CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

BRIMFIELD, MASS., 20th Dec., 1855.
Dr. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN. KNIGHT, M. D.

A. B. MORTLEY, Esq. of UTICA, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, MISS., Feb.
BROTHER AYER: I will cheerfully certify your P[illegible] is the best remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CONKLIN

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan.: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb.
SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.
HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., ALBION, MONROE Co., IOWA, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March
DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.
Yours, with gratitude and regard, ORLANDO SHELBY, of Shelbyville.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures of the following complaints:

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.
